IFSU

2018 | Annual Report

IFUGAO STATE UNIVERSITY

IFUGAO STATE UNIVERSITY

LAMUT - LAGAWE - POTIA - AGUINALDO - HAPAO - TINOC

PREFACE

This Annual Report is a narrative of the achievements and accomplishments of the Ifugao State University for the year 2018 in covering the four major thrusts of the University. The Report is divided into different themes and later reflected the significant information and specific indicators in each category.

The Report is also the first under the leadership of the new University President, Dr. Eva Marie Codamon-Dugyon since she assumed the University Presidency on June 2, 2018. One of the highlights of this Report is the inclusion of the new 8-Year Strategic Plan, vision, mission, and goals and the Organizational Structure.

The Report is completed with the utmost support from the different offices, departments and campuses. As a Report, it can be used as a reference for partners, students, employees, stakeholders and donors.

An online access to Annual Reports is also available at the IFSU website. (university@ifsu.edu.ph)

President's Foreword

DR. EVA MARIE CODAMON-DUGYON is the first woman president of Ifugao State University (IFSU). Before becoming a University President, she assumed various directorial positions in various service units of the University.

President Dugyon is a leader of wisdom and principle with a fresh vision of transforming Ifugao State University into a globally competitive and recognized Higher Education Institution that caters to local and international communities.

University President Dugyon champions culture and internationalization, and the integration of these to instruction, research, extension and to all the developmental initiatives of IFSU.

“

I am greatly delighted to present to you the 2018 Annual Report of the Ifugao State University (IFSU), which presents the considerable achievements and progress we have made along our major thrusts. This is the last report of the past administration, at the same time, the first report under the new administration. 2018 indeed ushered in a new epoch in the history of IFSU, with the turn-over of the mantle of leadership in June 2018.

Transition year it may be, but we can say that 2018 has been a successful year for IFSU. Major programs and projects that the university embarked on progressed very satisfactorily. And many new opportunities were opened up for IFSU. A major pursuit that stood out and defined 2018 was the crafting of a new 8-Year Strategic Plan which sets out the new vision, mission, goals, and objectives (VMGO) of the University. This significant development is built upon the University's core values of Excellence, Faith, Integrity, Service, Creativity, and Cultural Sensitivity. This journey allowed us to look at the areas where we are strong; the areas where we still need improvement; the threats we need to overcome; and the opportunities and the trends we can explore to better our services and performance as a higher education institution (HEI).

This last year witnessed us investing heavily in improving our physical facilities in our pursuit of providing quality education to our students. Notably, we were able to enhance our learning

environments through the completion of infrastructures in the six campuses, such as; libraries, academic buildings, gymnasium, projectors in every classroom, among others.

The year 2018 also saw us investing in our workforce by sending all permanent faculty members without Masters to pursue and/or complete their Advanced Studies in our resolve to improve the university faculty profile. We also focused efforts on expanding and strengthening our networks and links with public and private institutions here and abroad. Our partnerships with international organizations and HEIs, which share our aims and aspirations gave us the leverage to advance our internationalization initiatives through academic and cultural exchanges that our faculty and students participated in.

Committed to continuously uphold ethical standards and government rules and regulations, we likewise endeavored to make better our accountability and transparency mechanisms to ensure that we provide quality services to our stakeholders who are at the core of what we do.

While we succeeded in many aspects, we also have been met with great and tough challenges in key areas of our operations which we are now continuously working on to improve. Performances in research and development, and in the licensure examinations by our graduates have been proven to be particularly challenging, although a great deal

of intervention and work have been introduced to progress in these areas.

Therefore, we take and consider the accomplishments, as well as the setbacks we had over the course of the year as our springboard to perform better in our thrust in instruction, research, extension, resource generation, and administration. Driven by our resolve to continually evolve and develop as an institution, we remain steadfast in keenly working on institutional changes that foster quality and excellence in our programs and services.

Thank you very much to the IFSU Board of Regents (BOR), the entire IFSU community, and all our stakeholders, who are always committed and supportive to our development direction, and who contributed to the overall performance of IFSU in the past year.

Looking ahead to more fruitful years for IFSU! We will continue the momentum for change by strengthening our collaboration and partnerships, and by embracing development and innovation in the University. With this, I am already excited about the challenges and opportunities that 2019 offers us as we pursue our vision to be globally recognized amidst our rich cultural heritage.

Forward we go... God bless IFSU!

”

ABOUT IFSU

The historical development of IFSU is a chronicle of triumph amidst adversity from a community farm school transforming into a University.

IFSU started as a Nayon Settlement Farm School in 1920 and renamed as Ifugao Pilot Opportunity School of Agriculture (IPOSa) in 1959. In 1967, the high school department was established and subsequently renamed as Payon Bagan Pilot Opportunity School of Agriculture (PBPOSa). In 1972, it was elevated into Ifugao Agricultural and Technical College (IATC) offering secondary and tertiary/undergraduate programs. In 1982, it was further expanded into Ifugao State College of Agriculture and Forestry (ISCAF) offering various Baccalaureate and Master Courses.

The quest for University statehood started in 2003 with expansion of programs to other field in the baccalaureate and graduate studies. In 2007, ISCAF was declared as a Level III State College. Immediately thereafter, a bill for its conversion into a university was filed in the House of Representatives by then Cong. Solomon R. Chungalao.

On October 14, 2009, Republic Act No. 9720 was signed into law formally converting ISCAF into Ifugao State University with campuses in Lamut, Aguinaldo, Hapao, Lagawe, Potia and Tinoc.

Today, IFSU is the lone tertiary school in Ifugao. Through the years, IFSU increasingly developed its programs to conform with government educational standards and to meet the growing educational needs of the community.

IFSU is determined for recognition from the local as well as international arena for quality and relevant education.

Being a University within the communities of its indigenous peoples, IFSU recognizes the importance of integrating indigenous knowledge, systems and practices in its curricular programs. Thus, the preservation and conservation of Ifugao culture and traditions.

OUR VISION

A globally recognized University upholding excellence amidst rich cultural heritage

OUR MISSION

Produce employable graduates who are morally upright, socially and culturally responsible professionals through quality, relevant, and innovative Instruction, Research, Extension, and Resource Generation

OUR CORE VALUES

Excellence
Faith
Integrity
Service
Creativity
Cultural-Sensitivity

OUR GOALS & OBJECTIVES

ACADEMIC EXCELLENCE

1. Assure quality of programs
2. Ensure effective student lifecycle management and career development
3. Provide unique and lifelong learning experience in the entire student lifecycle
4. Integrate internationalization perspective towards global connectedness
5. Strengthen student welfare services for a successful academic formation of students
6. Integrate indigenous knowledge, system and practices (IKSP) in the academic programs to intensify conservation of the rich cultural heritage

STRONG RESEARCH LEADERSHIP AND CULTURE

1. Establish a strong brand and strengthen image building of IFSU as a research leader
2. Intensify conduct of research and dissemination of RD outputs
3. Intensify conservation of the rich cultural heritage.

SUSTAINABLE EXTENSION AND COMMUNITY ENGAGEMENT

1. Package and transfer knowledge and technologies relevant to the needs of the clientele
2. Create a widely shared organizational culture that encourages, promotes, and rewards extension and community engagements
3. Establish/Strengthen/Sustain linkages with LGUs, industries, and other organizations/stakeholders for resource sharing, extension program, and service complementation

EXCELLENT PUBLIC SERVICE AND GOOD GOVERNANCE

1. Ensure efficient, transparent and accountable delivery of administrative services
2. Forge strong network system and resource sharing through collaborative activities conducted regularly
3. Strengthen the university's local and international visibility
4. Enhance efficiency in resource generation and mobilization
5. Upgrade competencies of human resources
6. Technologize front line services and other services of the University
7. Ensure a clean, green, safe, and GAD-responsive University environment
8. Intensify conservation of the rich cultural heritage integrating culture in the administrative services

OUR PROFILE

6

CAMPUSES
IN IFUGAO

IFUGAO PROVINCE

From the mossy forest of Tinoc to the plains of Alfonso Lista, the Ifugao State University is one of the visible landmarks in the six municipalities of Aguineldo; Lamut; Lagawe; Hapao, Hungduan; Potia, Alfonso Lista; and Tinoc.

Each campus offers specific programs that are relevant to the needs of the communities.

The main campus is located at Nayon, Lamut, Ifugao.

Curricular Programs

(DATA IS FORWARDED BY THE DEPARTMENT OF PLANNING AND INFORMATION MANAGEMENT; BASED FROM THE NORMATIVE FINANCING SCHEME REPORT (NFSR) 2018 SUBMITTED TO CHED.)

Ifugao State University (IFSU) offers wide arrays of programs that are relevant and responsive to the needs of the students and communities.

Each campus banners different and unique programs from agriculture, business administration, accountancy, engineering, forestry, education, political science, psychology, tourism, hotel management, criminology, computing sciences, nursing and midwifery, engineering, accountancy, business management, and home sciences.

Aside from these, IFSU is a training and assessment centre for organic farming and crop production in partnership with the Technical Education Skills and Development Authority.

LAMUT (MAIN) CAMPUS

Programs Offered:

Doctorate

Doctor of Philosophy in Educational Management
Doctor of Philosophy in Management

Masters

Master of Arts in Nursing

Majors in:

Maternal and Child Health (MCH)
Nursing Science Administration

Master in Public Administration

NEW LEADERSHIP NEW DIRECTION

On June 2, 2018, Dr. Eva Marie Codamon-Dugyon assumed the University Presidency from the outgoing President Dr. Serafin Ngohayon during the Turn-Over Ceremony held at the Luis Hora Gymnasium witnessed by IFSU officials, graduates, officials, and alumni, stakeholders and the general public.

As the new IFSU President, Dr. Dugyon convened University officials and stakeholders and crafted the 8-Year Strategic Development Plan. The 8-Year Strategic Development Plan contains the new Vision, Mission, Goals of the University and the revised Organizational Structure. It also detailed strategies to achieve the different goals in academic excellence; strong research leadership and culture; sustainable extension and community engagement; and excellent public service and good governance.

8-Year Development Highlights

In 2018, the University crafted its 8-Year Development Plan for 2019-2026. The strategic plan outlined the new vision, mission, goals and objectives of the University for the coming years.

The following are some of the highlights of the 8-Year Strategic Plan supported by its objectives:

- I. Academic excellence.
- II. Strong research leadership and culture.
- III. Sustainable extension and community engagement.
- IV. Excellent public service and good governance.

Academic Excellence

- 1. Assure quality of programs
- 2. Ensure effective student lifecycle management and career development
- 3. Provide unique and lifelong learning experience in the entire student lifecycle
- 4. Integrate internationalization perspective towards global connectedness
- 5. Strengthen student welfare services for a successful academic formation of students
- 6. Integrate indigenous knowledge, system and practices (IKSP) in the academic programs to intensify conservation of the rich cultural heritage

Strong Research Leadership and Culture

- 1. Establish a strong brand and strengthen image building of IFSU as a research leader
- 2. Intensify conduct of research and dissemination of RD outputs
- 3. Intensify conservation of the rich cultural heritage.

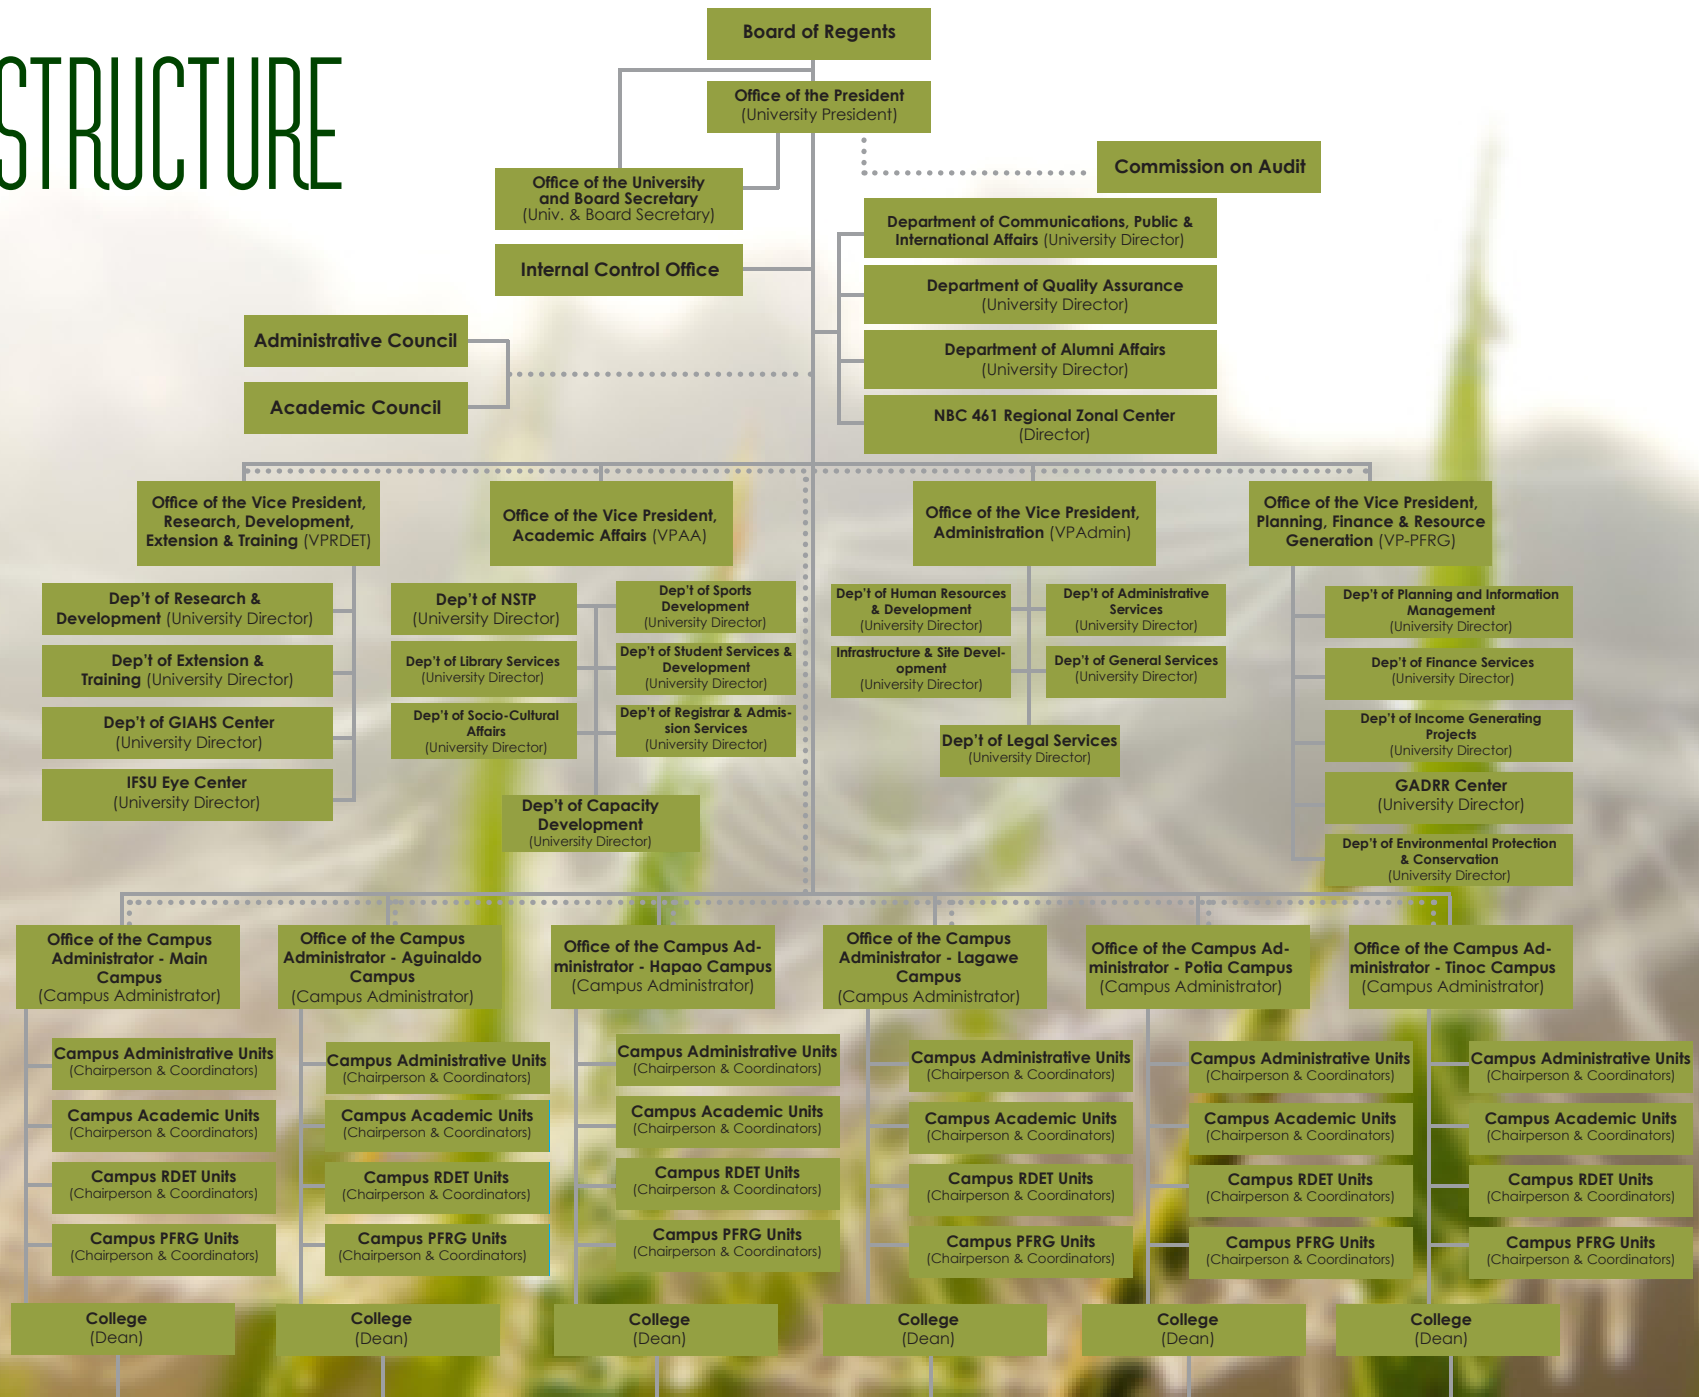

Sustainable Extension and Community Engagement

- 1. Package and transfer knowledge and technologies relevant to the needs of the clientele
- 2. Create a widely shared organizational culture that encourages, promotes, and rewards extension and community engagements
- 3. Establish/Strengthen/Sustain linkages with LGUs, industries, and other organizations/stakeholders for resource sharing, extension program, and service complementation

Excellent Public Service and Good Governance

- 1. Ensure efficient, transparent and accountable delivery of administrative services
- 2. Forge strong network system and resource sharing through collaborative activities conducted regularly
- 3. Strengthen the university's local and international visibility
- 4. Enhance efficiency in resource generation and mobilization
- 5. Upgrade competencies of human resources
- 6. Technologize front line services and other services of the University
- 7. Ensure a clean, green, safe, and GAD-responsive University environment
- 8. Intensify conservation of the rich cultural heritage integrating culture in the administrative services

OUR STRUCTURE

A large group of graduates in black gowns and caps are celebrating, throwing their caps into the air. They are seated on blue plastic chairs under a large, open-sided structure with a corrugated metal roof. The scene is filled with joy and excitement.

| OUR PERFORMANCE

ACHIEVING ACADEMIC EXCELLENCE AND ENRICHING THE CULTURE

“

In 2018, IFSU achieved significant progress in terms of its academic services and programs.

At least 23 out of 29 programs were accredited.

There is also a marked increase in the passing rate for four programs namely: Agriculture, BEEd, Midwifery and Criminology in 2018.

New learning facilities were installed in the classrooms such as LCD, audio system, computers and internet accessibility to improve learning opportunities for students.

As a University, we continue to strive hard to provide our students the best learning opportunities. We have increased volumes of books and online resources in the library, scholarship partnerships and improved students' services.

”

- DINAH CORAZON M. LICYAYO, PhD
Vice President, Academic Affairs

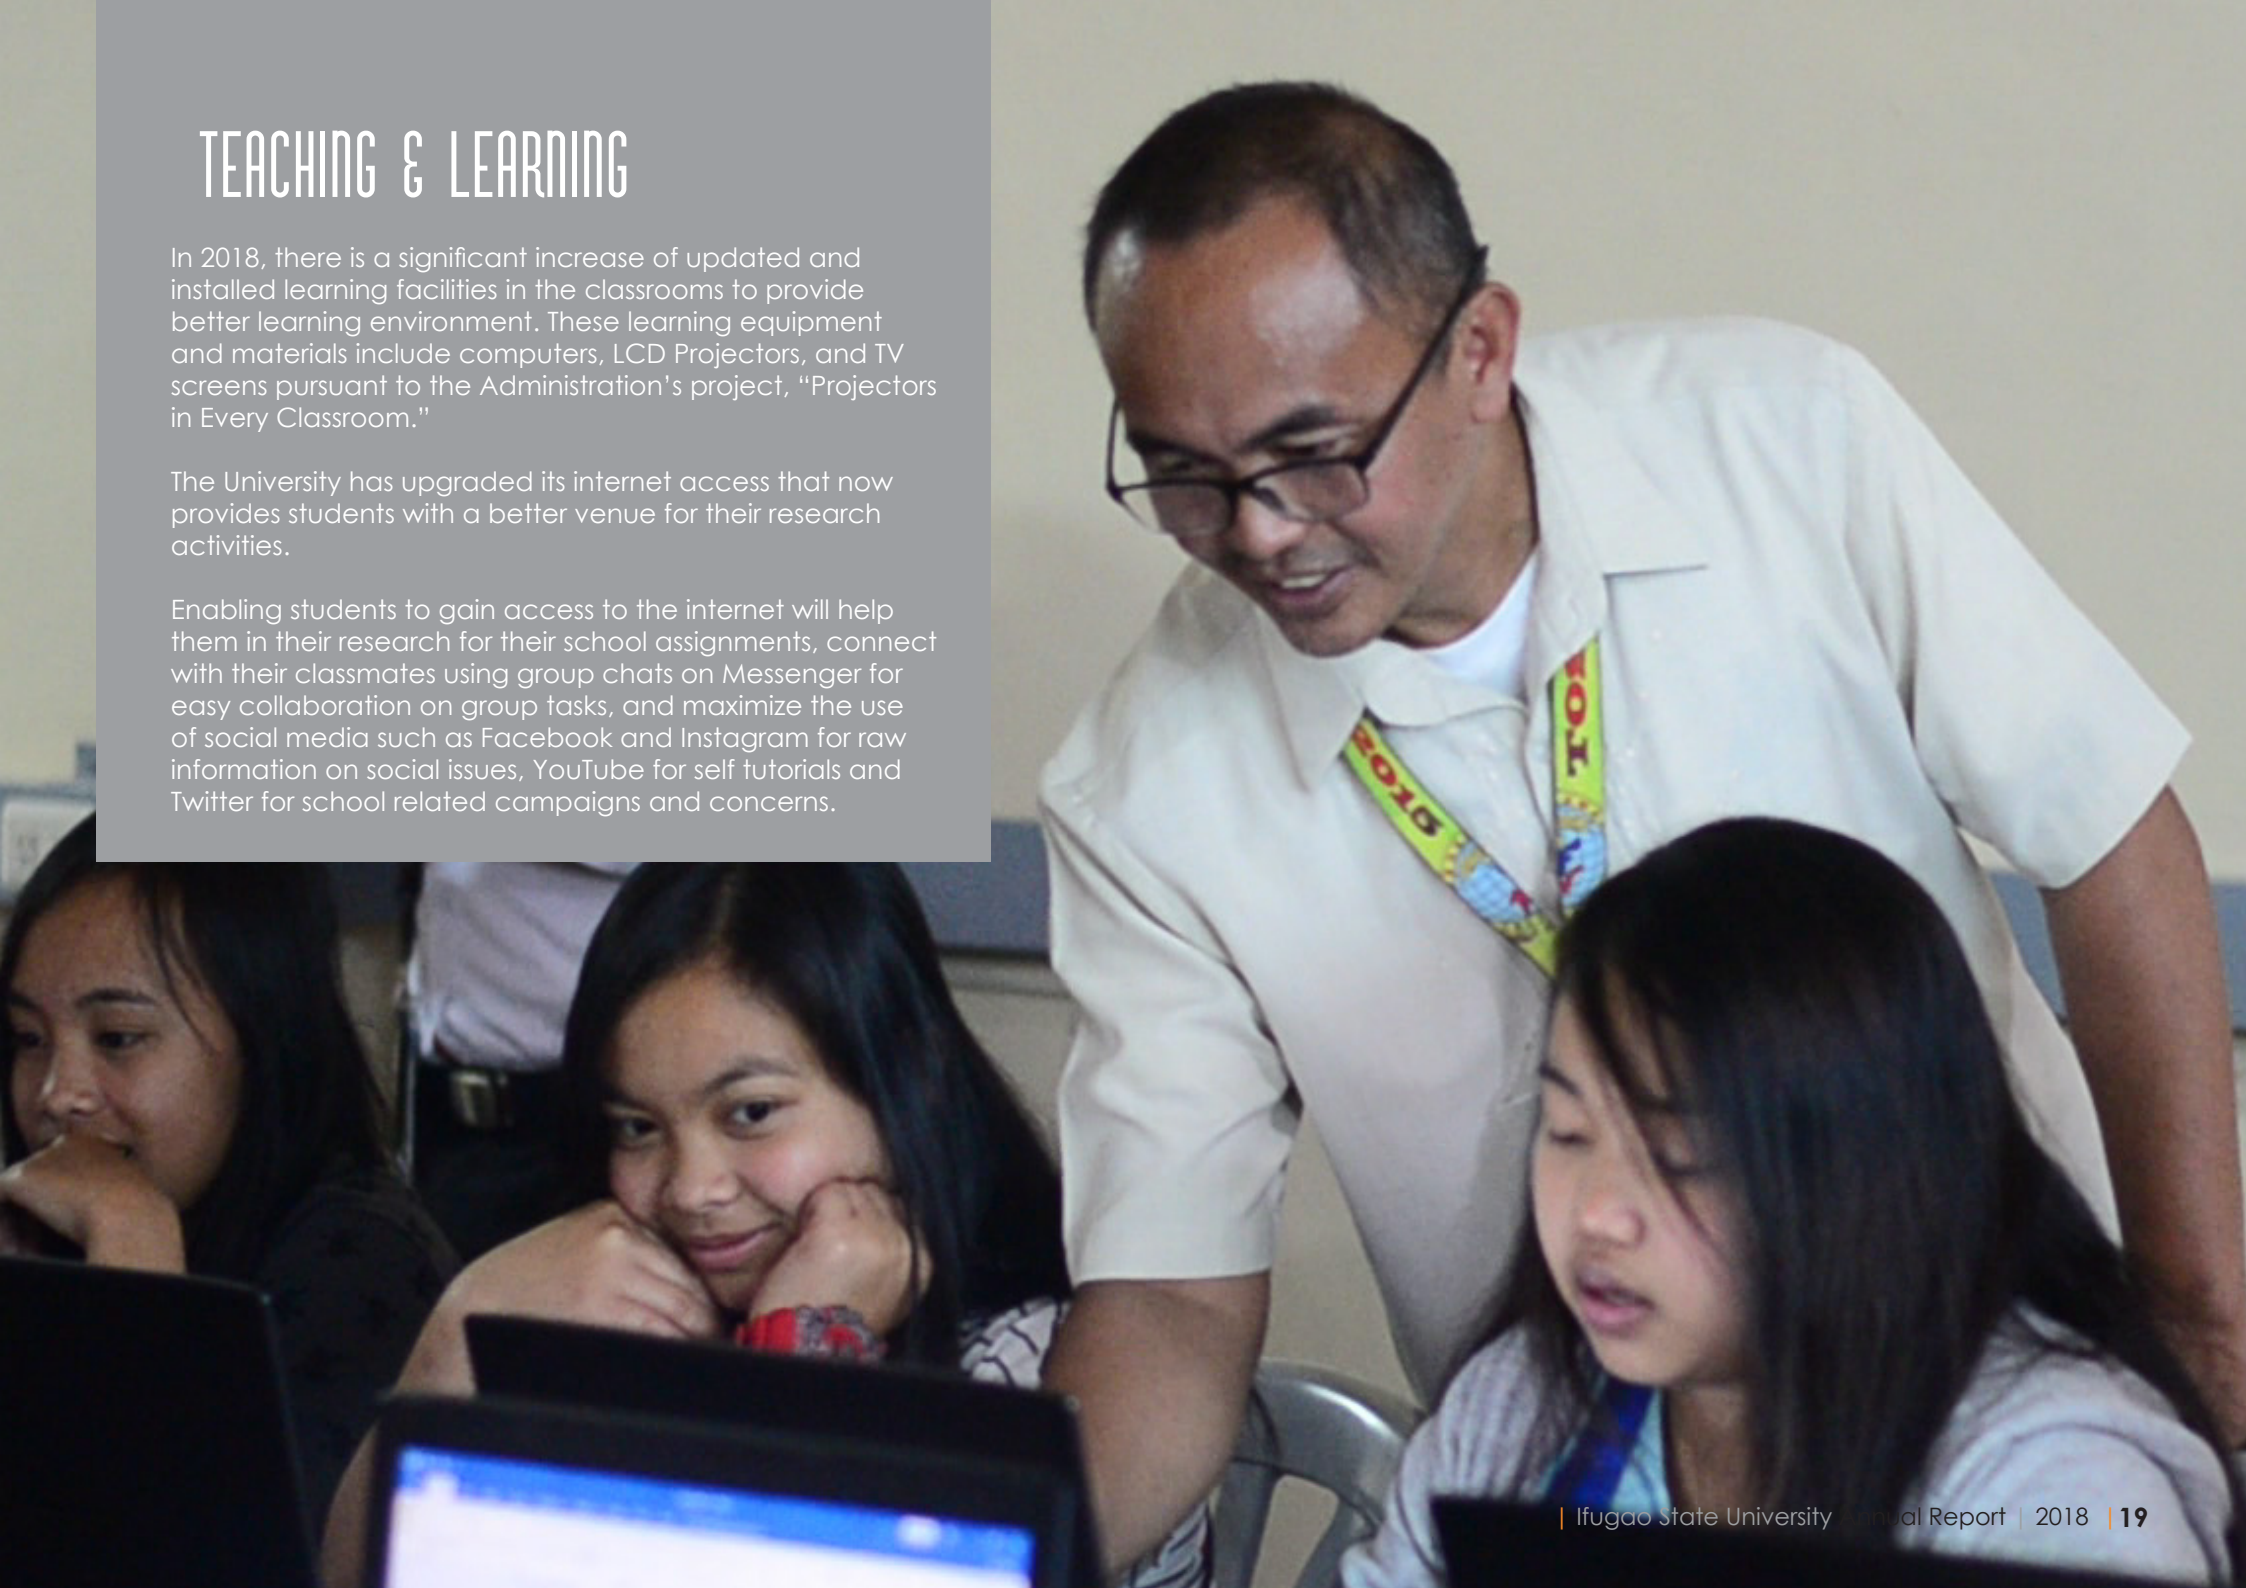

TEACHING & LEARNING

In 2018, there is a significant increase of updated and installed learning facilities in the classrooms to provide better learning environment. These learning equipment and materials include computers, LCD Projectors, and TV screens pursuant to the Administration's project, "Projectors in Every Classroom."

The University has upgraded its internet access that now provides students with a better venue for their research activities.

Enabling students to gain access to the internet will help them in their research for their school assignments, connect with their classmates using group chats on Messenger for easy collaboration on group tasks, and maximize the use of social media such as Facebook and Instagram for raw information on social issues, YouTube for self tutorials and Twitter for school related campaigns and concerns.

ACCREDITED PROGRAMS

A total of 33 accreditable graduate and undergraduate programs have been accredited. The Quarterly Physical Report of Operation as of last quarter of 2018 reflects that 79% or 23 out of the 29 accreditable undergraduate programs while 100% or 9 out of 9 graduate programs are with accreditation.

In 2018, 9 programs have been granted new validation status.

FACULTY PROFILE

In 2018, there is an increased number of faculty with Masters and Doctorate Degrees.

From 2017 data, there is an additional six (6) for master's degree and nine (9) doctorate degree.

ACCOMPLISHMENTS

In terms of the 2018 average overall performance of schools (POS), five (5) IFSU fields registered higher ratings than the average 2018 national passing rates (NPR) in those particular areas. These are the licensure exams for Foresters (POS = 66.18% against NPR = 59.01%), Criminologists (59.68% against 34.01%), Elementary Teachers (28.98% against 21.96%), Midwives (70.00% against 43.43%), and Agriculturists (47.22% against

38.14%). Meanwhile, IFSU recorded lower POS ratings than the NPRs in the licensure exams for Nurses, Civil Engineers, Secondary Teachers, and Accountants. (Note: Exam takers in Nursing and Midwifery from the Lamut Campus are all repeaters.)

PERCENTAGE OF IFSU 1ST TIME TAKERS WHO PASSED IN 2018 LICENSURE EXAMINATIONS

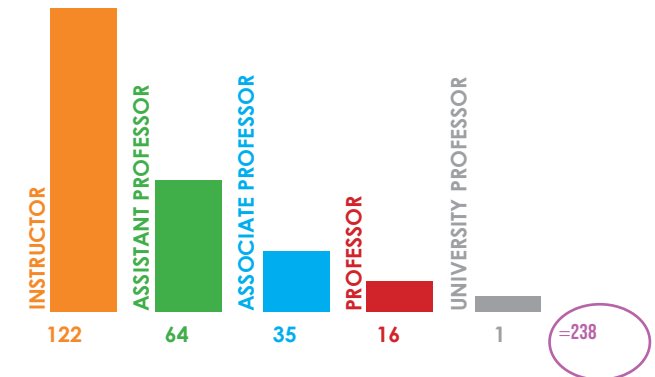

Of the 611 first-time exam takers from IFSU, 346 (57%) passed their respective fields. This is higher than the national passing rate for first-time takers which is 51.58% (118,719 out of 226,312 examinees). On the other hand, the 2018 rating is 6% lower than the 2017 IFSU passing rate of 63%.

INTERNATIONAL ON-THE-JOB TRAINING

In 2018, at least 60 agriculture interns finished their On-the-Job Training in Israel.

OJT students were able to experience different farm techniques in the respective host farms.

IFSU recognizes the need for its students to expose themselves in the international practices in agriculture to become better agriculturists and entrepreneurs.

STUDENTS' PARTICIPATION TO INTERNATIONAL CONFERENCES AND TRAININGS

In 2018, three IFSU student leaders attended and participated in international conferences and trainings in Guam, USA and Bangkok, Thailand.

IFSU Lamut and Potia ROTC leaders John Vianney Puddunan and Maurines Dezyne L. Likiyan were among the qualified applicants who participated during the Cultural Understanding and Language Proficiency Exchange between the Philippine and United States ROTC held in Guam.

On the other hand, Chamson M. Changgoy, Bachelor in Secondary Education student of IFSU Potia was one of the participants in the Asia Youth International Model United Nations Conference in Bangkok.

IFSU AS A SCHOOL OF LIVING TRADITION

IFSU is committed to continue and perpetuate its rich tradition by integrating indigenous knowledge, skills, and practices in its curricular programs.

In 2018, different socio-cultural activities were spearheaded as part of integrating the importance and value of culture and identity.

At IFSU Potia, they conducted "Ammung ad IFSU Potia" to showcase the diverse and different culture of its students.

For the first time, IFSU held a Gotad ad IFSU during the 98th Founding Anniversary and 9th Charter Day Celebration. It highlighted indigenous presentations, games and other cultural activities.

Gotad ad IFSU also showcased different socio-cultural and exhibits of products and programs of the University.

CELEBRATING DECADES OF SERVICE: 98TH FOUNDING ANNIVERSARY AND 8TH CHARTER DAY CELEBRATION

In 2018, IFSU marked its 98th Founding Anniversary and 9th Charter Day Anniversary with festivities, cultural presentations and sports activities. This is also a prelude to the Centennial Celebration.

STUDENT AWARDS & RECOGNITIONS

In 2018, IFSU students achieved regional and national recognitions.

IFSU is a consistent candidates for Top Outstanding Students in the Philippines.

Student writers also bagged awards during the Regional Higher Education Press Conference and Luzon Wide Press Conference.

Students also performed at par with their regional SUC counterparts in terms during regional and national competitions.

- TOP OUTSTANDING STUDENTS IN CAR AND NATIONAL FINALISTS
- 3RD PLACE UPLAND FARM STUDENT PUBLICATION, REGIONAL HIGHER EDUCATION PRESS CONFERENCE

“

IFSU achieved significant results in terms of its research, development, extension and training services.

More communities and institutions became our partners and recipients to our extension programs.

We have conducted researches, came up with utility models and technologies that can be shared with our faculty, students, farmers and other stakeholders to further develop instruction and improve the ways of life of our people.

Challenges are still at hand. We are passionate and committed to upgrade our services to be able to meet the needs of our University and communities.

”

NURTURING INNOVATIVE RESEARCH, DEVELOPMENT, AND EXTENSION LEADERSHIP

BANANA TISSUE CULTURE PRODUCTION

In 2018, at least 300 Banana Tissue Cultured seedlings have been produced and disposed in the communities of the province of Ifugao.

The Banana Tissue Culture Production is a concrete contribution of IFSU to the decreasing banana production in the province due to pests and other factors.

WINE PRODUCTION

In 2018, at least 200 bottles of rice wines were produced at the IFSU Wine Production Center.

The Rice Wine Production is one of the patented researches of the University. Since its inception, the production is now one of the commercialized products in support to the institutional branding of the University.

The Department of Science and Technology provided the necessary equipment for its packaging and commercialization.

The production is being used for instruction, research and resource generation.

MAKING AN IMPACT IN AGRICULTURE

The Ifugao State University continues to take stride in developing innovative researches and programs in agriculture as one of its banner programs.

These researches and programs are geared towards improved instruction, projects, and programs that are responsive to the needs of the University and communities.

It further aims to foster collaboration and partnerships with different stakeholders to provide relevant and responsive to the needs of the province and its nearby areas.

STATE-OF-THE-ART POST-HARVEST FACILITY

The municipality of Alfonso Lista and its nearby areas are the primary producers of corn and other grain products in the province.

Recognizing the prevailing economic condition, the Ifugao State University in partnership with the Department of Agriculture constructed a state-of-the-art grain dryer in the University which is designed to process a maximum of 230 cavans of corn and other grains in one setting.

Primarily, the machine will be used for instruction, research and resource generation for the University.

Furthermore, the grain dryer provides post-harvest facility for local farmers.

IFSU NUCLEUS HERD PROJECT

The Province of Ifugao is home to one of the unique strains of native pigs. Based from the research of Dr. Elpidio B. Basilio, Jr., the Ifugao native pigs are resilient and with low cost maintenance.

As an offshoot of his PhD dissertation, he established the IFSU Nucleus Herd Project in partnership with the Bureau of Animal Industry of the Department of Agriculture.

The Nucleus Herd Project primarily aims to modify and purify the native pigs before they will be distributed to host farmers and communities as an additional source of livelihood to farmers.

This project further recognizes the indispensable importance of pigs among the Ifugao people during important gatherings and occasions.

CROP AND ORGANIC PRODUCTION TRAINING CENTER

IFSU is an accredited Training and Assessment Center for Crop Production and Organic Agriculture. In 2018, it started to offer agricultural training programs for Out-of-School Youth.

These are short term programs offered to interested farmers and other stakeholders to provide them livelihood opportunities.

All these programs are in partnership with the Technical Education Skills and Development Authority.

HIGHLAND VEGETABLE AND GREEN HOUSE DEMO FARMS

IFSU is pioneering research on highland crops and vegetables. IFSU Tinoc Campus constructed Organic Highland Vegetable Demonstration Farm and Green House Farm for research, instruction and extension purposes.

These demonstration farms are one of the efforts of the University to study the unprecedented expansion of highland or temperate crops in the municipality.

With these demo farms and other programs, IFSU Tinoc extends its expertise in agricultural technology to influence farmers on Good Agricultural Practices.

IFSU EYE CENTER

The IFSU Eye Center catered to 600 patients in 2018 for different eye related problems from the different municipalities and nearby provinces.

IFSU Eye Center also conducted series of medical missions and served farmers and other disadvantaged members of society.

SCHOOL ON AIR

In 2018, IFSU signed two Memoranda of Agreement with two local radio stations for its School-on-Air Program.

With its two local radio programs, IFSU brings out a new dimension on the School-on-Air. These radio programs are being maximized to reach the wider public on the programs and projects of the University.

Currently, IFSU maintains IFSU on Air at DWPH 105.3 and Radyo Kiphodan 99.1.

BRIDGING NATIONAL AND INTERNATIONAL UNDERSTANDING AND COOPERATION

In 2018, IFSU continues to maintain collaborative undertakings with national and international universities for academic, research, and cultural exchange and other undertakings. As a University located in a heritage province, IFSU has much to offer in terms of its rich culture to the world. Aside from this, IFSU as a growing University aims to share and contribute its significant and relevant researches and programs to the world.

STRENGTHENING PARTNERSHIP WITH THE UNIVERSITY OF THE PHILIPPINES OPEN UNIVERSITY

IFSU engaged a partnership with the University of the Philippines Open University (UPOU) to improve the competence of CODETE and the College of Advanced Education in online teaching. UPOU extended technical assistance in the development of a Learning Management System to support the online teaching of IFSU. The UPOU Massive Open Online Course (MOOC) program was offered to IFSU faculty to enhance the capabilities of IFSU faculty in the graduate programs.

STRENGTHENING SOLIDARITY WITH KOBE GAKUIN UNIVERSITY

In 2018, IFSU hosted an academic and cultural exchange with Kobe Gakuin University students.

Students of both Kobe Gakuin University and IFSU shared, exchanged experiences and performed cultural activities as learning spaces for both Universities.

CULTIVATING PARTNERSHIP WITH KANAZAWA UNIVERSITY

In October 2018, IFSU President Eva Marie Codamon-Dugyon and other University officials visited Kanazawa University. A meeting with its President took place.

Both parties revisited previous MOU and affirmed their commitment for research collaboration and cultural exchange.

BUILDING ALLIANCE WITH ISHIKAWA PREFECTURAL UNIVERSITY

A meeting between IFSU and the Ishikawa Prefectural University transpired in October 2018 for possible mutual cooperation between the two Universities.

CONTINUING INTERNATIONAL COLLABORATION ON GIAHS CONSERVATION

IFUGAO SATOYAMA MEISTER TRAINING PROGRAM

IFSU continues to be the host and one of the main collaborators of the Ifugao Satoyama Meister Training Program (ISMTP), a JICA Funded Project in collaboration with Ifugao Globally Important Agricultural Heritage Systems (GIAHS) Support Committee-Japan, Kanazawa University of the Philippines Open University, Provincial Government of Ifugao, and four municipalities of Ifugao, namely: Mayoyao; Hungduan; Banaue and Kiangan.

As of 2018, ISMTP has a total of 66 alumni. As a program, it produced relevant researches and projects for the conservation of the rice terraces.

In 2017, Ifugao State University was chosen as one of the partners of the University of National and World Economy, Bulgaria in the three-year project INNOTAL, short for "Integrating Talent Development into Innovation Ecosystems in Higher Education," which is co-funded by the European Union and is being implemented in the framework of the Erasmus+ Programme: Capacity Building in Higher Education.

Some of the highlight outputs:

- 1: Scorecards and screening questionnaires on graduates' employability and innovation capacity.
- 2: First collaboration workshop at Benguet State University participated by 29 participants from PC universities and 13 from EU partners.
- 3: Four mapping reports on the conditions and determinants of graduates' employability for Sri Lanka; Philippines; India and Nepal.
- 4: Ten screening reports on PC universities' capacity to promote graduates' employability and develop students' talent through innovation.
- 5: Ten PC universities' priority setting reports for research and education provision.
- 6: Setting the agenda and formulating strategies for embedding employability into teaching, research and innovation practices in PC universities.
- 7: Handbook of demonstrated good European practices for introducing open innovation and stakeholders co-creation in innovation in the higher education sector.
- 8: Second collaboration workshop held in Pokhara University.
- 9: Ten stakeholders workshops with internal stakeholders.

HOSTING THE FIRST INTERNATIONAL CONFERENCE ON OPEN DISTANCE AND TRANSNATIONAL EDUCATION

Hosting of the First International Conference on Open Distance and Transnational Education (ICODATE) in partnership with Partnership Ocean University 2018 attended by CODETE students from Vietnam, Visayas Region, Baguio, and Nueva Vizcaya held on April 8-10, 2018.

10 Research outputs from the college as well as from other universities were presented.

Speakers came from the Malaysian University of Science and Technology (MUST), Pacific Ocean University (POU) in Vietnam, Nanyang International College (NIC) in Myanmar and Srinakarinwirot University in Thailand.

STRENGTHENING ADMINISTRATION AND HUMAN RESOURCES SERVICES

“

In 2018, there is an increase of University's Budget for its programs, projects, infrastructure and services from the 2017 budget.

Outstandingly, IFSU implemented at least 280 million for capital outlay for the University.

With the available budget, the University disbursed all these funds to improve and provide our clients and stakeholders an efficient service.

There is also an increase of workforce in 2018.

”

- FREDDIE P. CADAY, PhD
Vice President, Administration

8 On The Spot
47 Loyalty Award
5 Service Award

PHYSICAL FITNESS AND SPORTS DEVELOPMENT PROGRAM

IFSU goes for healthy lifestyle. On August 2018, President Dugyon issued Memorandum Order No. 45 for the Launching of the Physical Fitness Program of Personnel.

The program kicked off with a Fun Run participated by employees and stakeholders.

The Memo further highlighted a regular physical fitness and other sports activities scheduled every Wednesday at 4:00-5:00 in the afternoon throughout the year.

INSTITUTIONAL AWARDS

IFSU BILANG SENTRO NG WIKA AT KULTURA

IFSU was awarded as a Sentro ng Wika at Kultura by the Komisyon sa Wikang Filipino in 2018.

Dr. Hilda Immangdul was also a national finalist for Ulirang Guro sa Filipino 2018.

PLANNING, FINANCE AND RESOURCE GENERATION

IFSU crafted its 8-year development plan during the Strategic Planning Workshop: Charting IFSU's Direction from 2018 to 2026 held at the Highlander Hotel, Solano, Nueva Vizcaya on July 25 to 28, 2018.

“

In 2018, 98% of the physical infrastructure projects were completed. These projects include the repair, rehabilitation, rip-rapping and construction of different physical structures in the University.

In 2018, we also crafted the 8-Year Strategic Plan of the University to set the new direction of the University for the coming years. This Strategic Plan contains all the amalgamated plans for Instruction, Research, Extension and Resource Generation. With our Strategic Plan, we are geared towards the realization of our new Vision as a, “Globally recognized University upholding excellence amidst rich cultural heritage by 2026.

The risks and challenges are expected but IFSU will rely in its entire workforce to achieve its Vision, Mission and Goals. With the unity and cooperation of all stakeholders, the new direction for the University shall be realized in due time.

”

- DIOSDADO M. AQUINO, PhD
